BGS 625k Hydrogeology: Aquifers in which flow is virtually all through fractures and other discontinuities

- Moderately productive aquifer
- Low productivity aquifer

Figure Title
625K Hydrogeology

Project Name
Novar 1 Wind Farm Repowering

Project No./Filery ID
1620016706 / REH2023N04156

Date	Figure No.	Revision
September 2026	9.5	1.0

Prepared By	Scale
RS	1:15,000 @A3

Client
nadara
