This viewpoint is located approximately 10km Southwest of Bonar Bridge.

From Ardgay travel west following signposts to Culrain and Inveroykel. As you begin to leave Ardgay you will come to some large corrugated iron sheds on your right attached to a property. The road starts to bend to the right with a minor road heading straight on. Take the road straight on. Continue for 7km at which point you will pass the entrance for the Gruinards Estate on your right. Continue for a further 100m when you will then arrive at a track on your left (opposite some iron gates for the Gruinards Estate). Park on the verge here.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Carn Salachaidh.

The camera location is just below the summit cairn as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

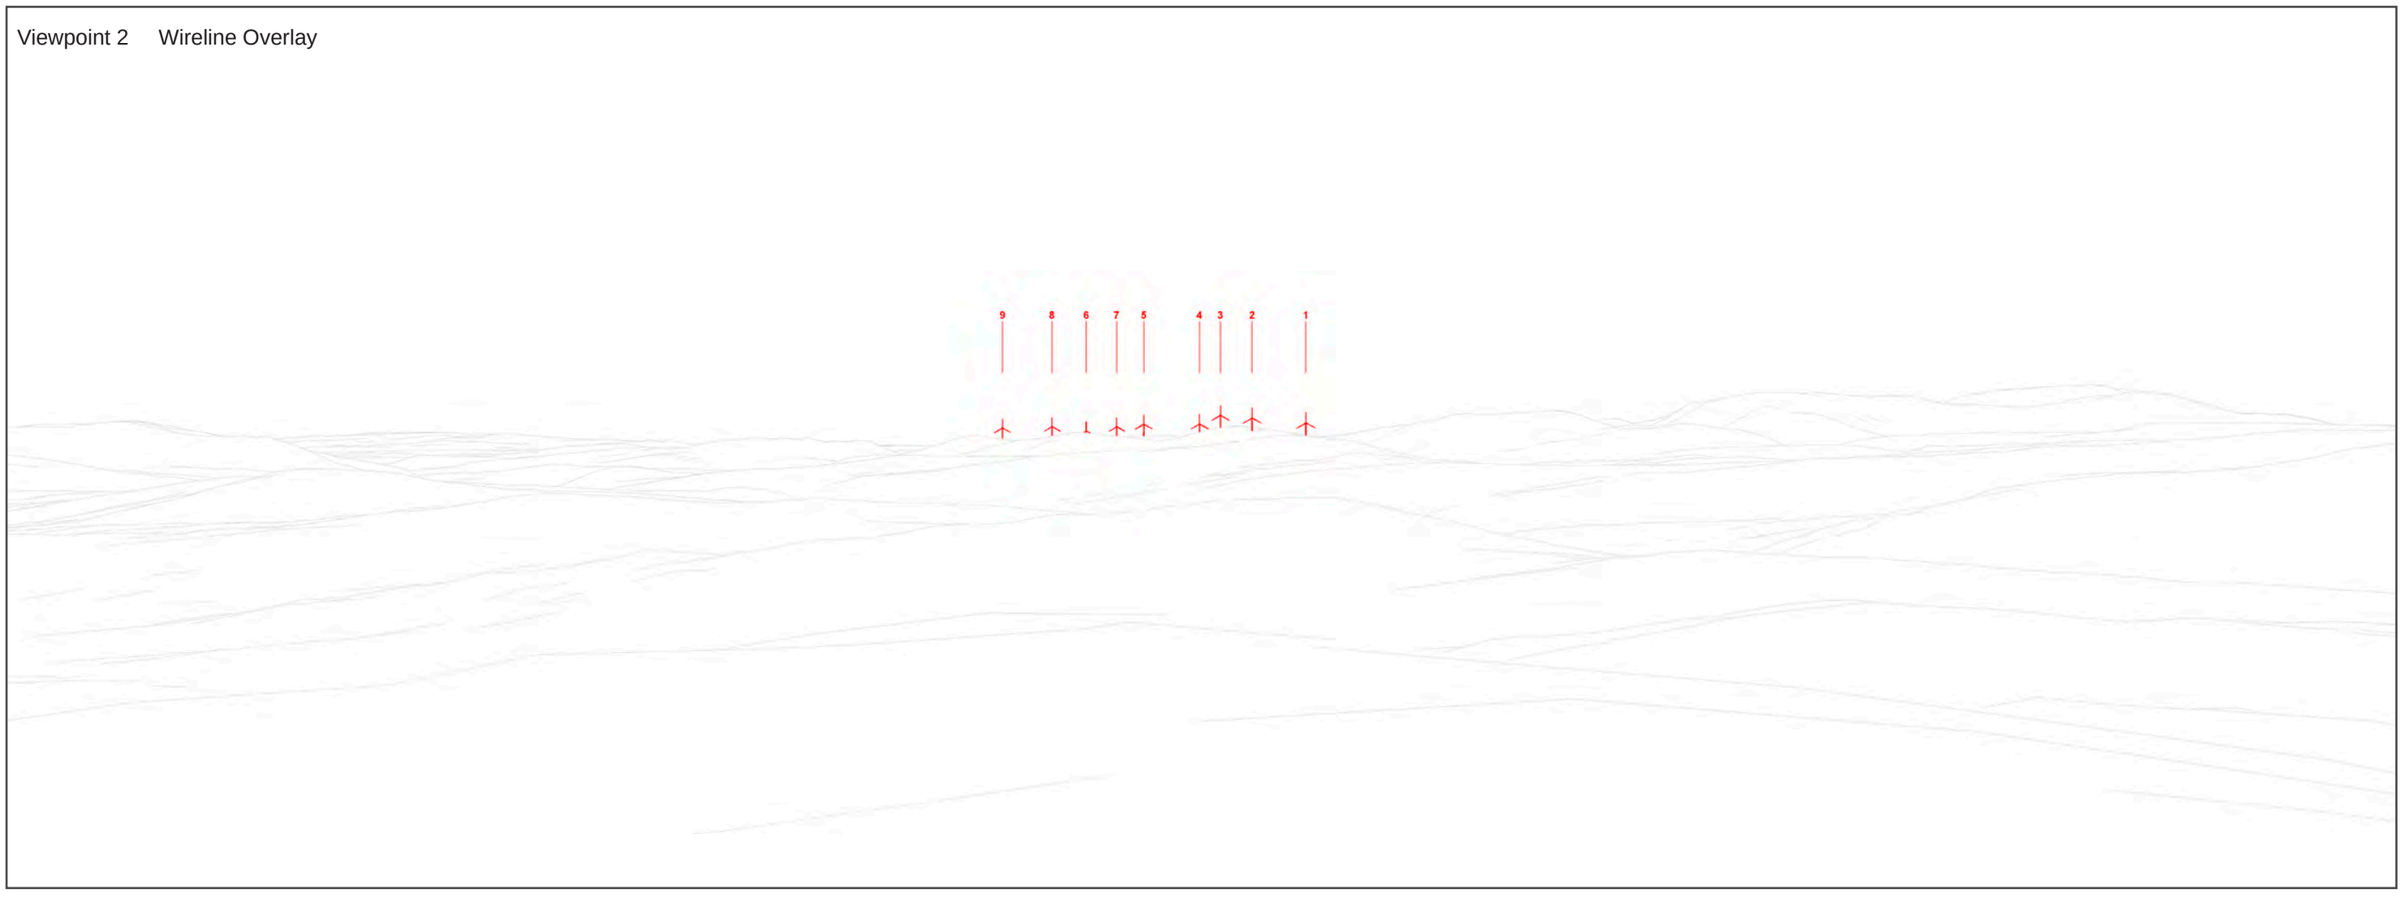

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
