This viewpoint is located approximately 14km Northwest of Evanton.

From Evanton, take Glenglass Road following signs for Glenglass and Assynt. Continue for approximately 10km afterwhich you will arrive at the southern shores of Loch Glass. Continue to the western end of the loch until you arrive at a fork in the track. Take the left fork and follow it around to the the right past the buildings until you come to the river. Pass the trees on your right and find a suitable place to park here. Now on foot, walk down the track heading right down towards Wyvis Lodge. At the garage, head left skirting in front of the tree line and heading towards the shore of the loch. Turn left at the loch and head up over the footbridge.

The camera location is just beyond the footbridge on the path as shown in the adjacent photograph.

Distance to nearest turbine: 4.83km Camera: Nikon Z6 Focal Length: 50mm vertical (27˚) x 28mm horizontal (65.5˚) Camera height: 1.5m Date: 06/05/2025 16:44

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

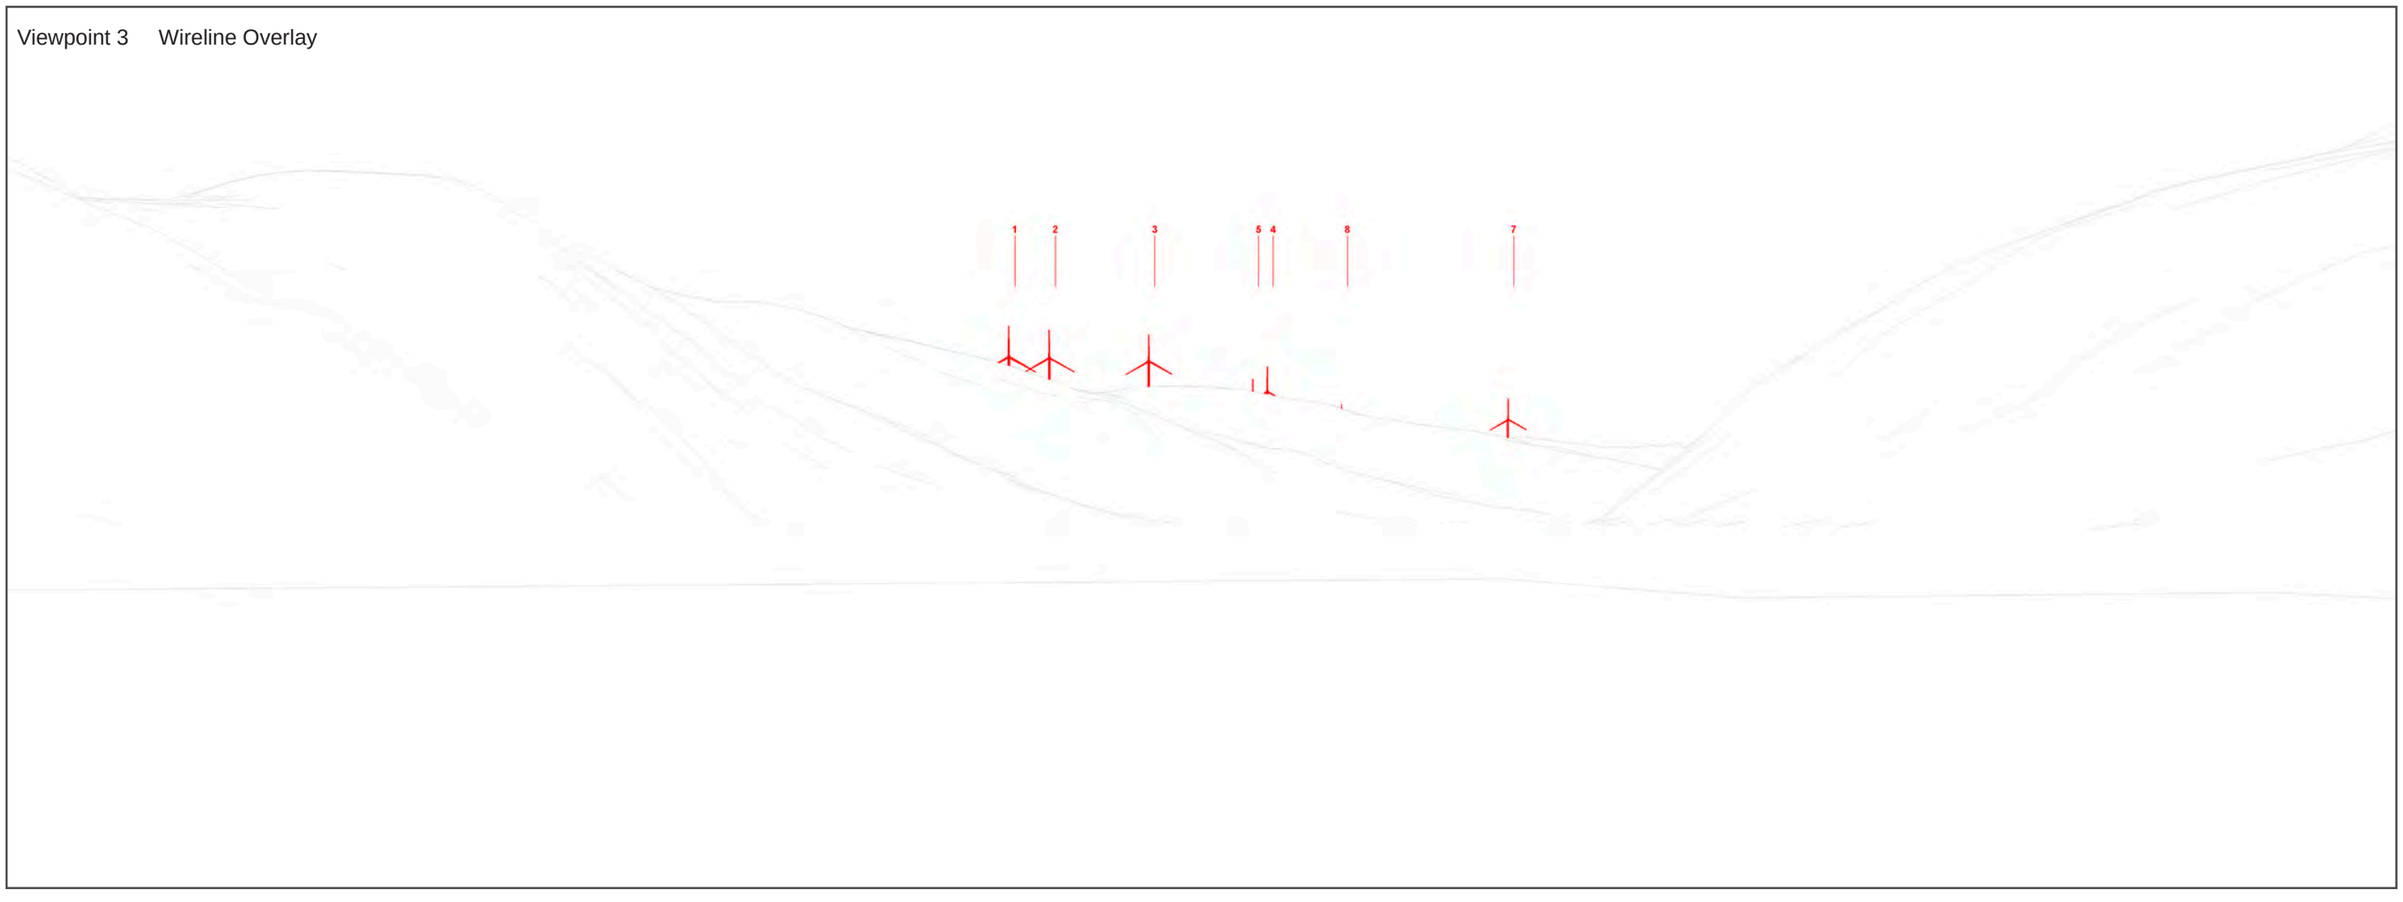

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
