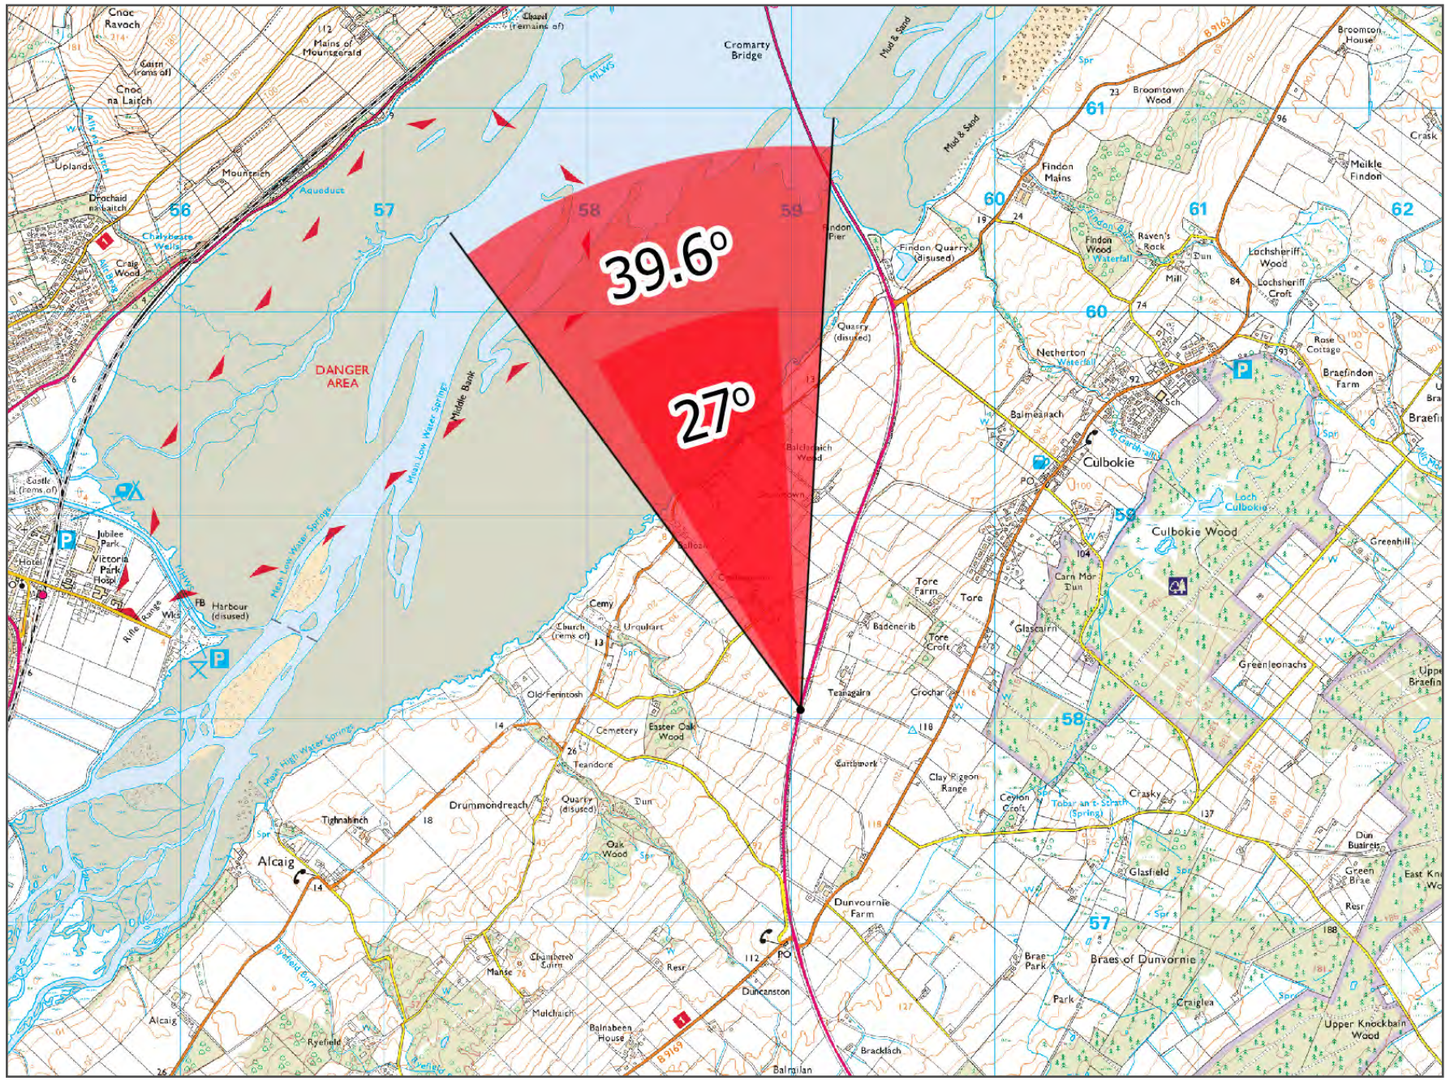

Figure 5.30h - Viewpoint 5: A9 between Duncanston and Causeway.

Grid Reference: 259044 858041 Distance to nearest turbine: 13.61km AOD: 81m

This viewpoint is located approximately 4km East of Dingwall.

Travel north from Inverness on the A9 crossing over the Kessock Bridge. Continue for 13km crossing over the roundabout at Tore and heading towards Duncanston. Continue past the crossroads junction for Cromarty and Easter Kinkell. After another 1km you come to a layby on your left. Pull in and park here.

The camera location is in the layby on the verge as shown in the adjacent photograph.

A9 between Duncanston and Causeway

Distance to nearest turbine: 13.61km Camera: Canon EOS 5D Mark III Focal Length: 50mm vertical (27˚) x 28mm horizontal (65.5˚) Camera height: 1.5m Date: 02/04/2025 14:10

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

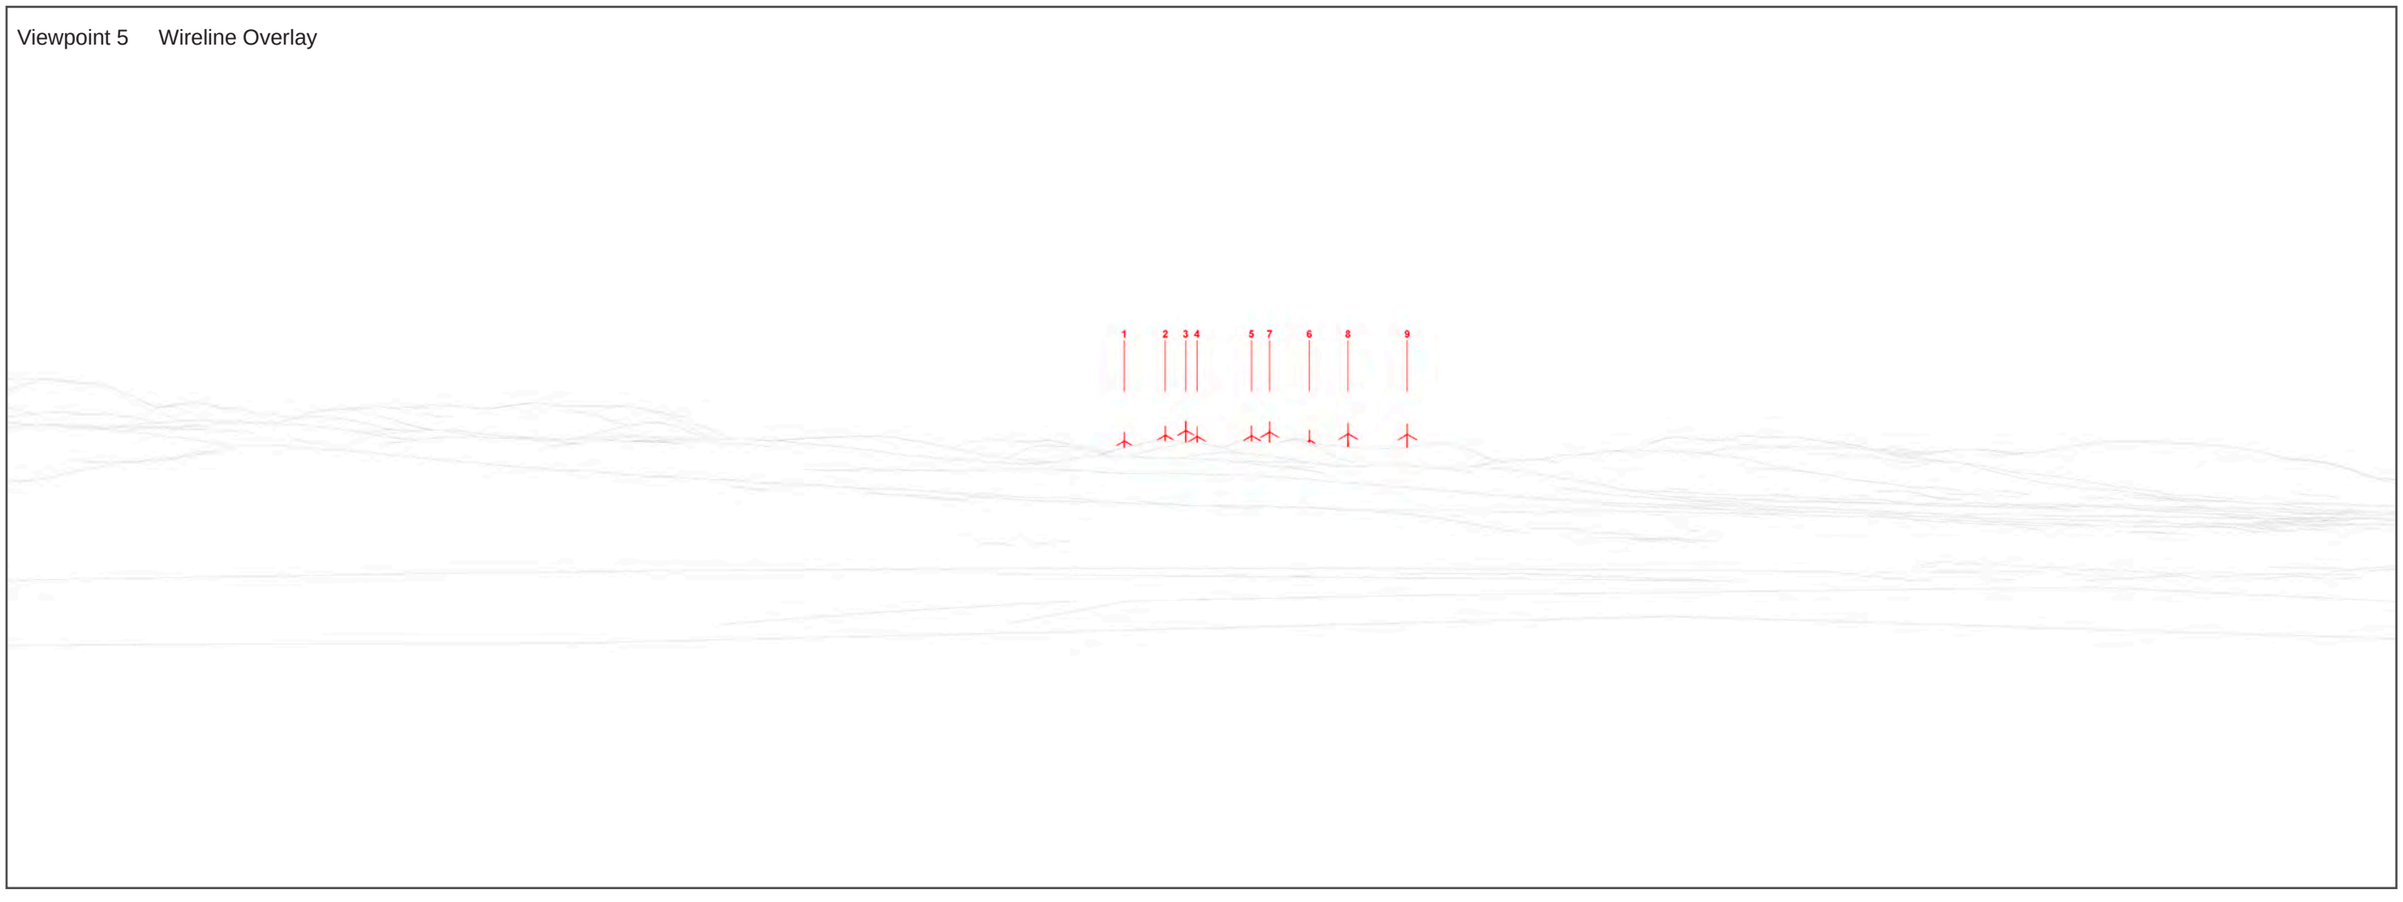

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
