This viewpoint is located approximately 9km Northwest of Alness.

Travel north from Dingwall on the A9 towards Tain. Just before Alness, take the slip-road off left on to the B9176 towards Ardross, Bonar Bridge and Lairg. Continue on the B9176 until you come to a crossroads, taking the turning off left signposted Dublin and Strathrusdale. Continue on passing through Ardross and then past the Ardross Distillery on your right. The road is now straight passing between an extensive bank of forestry. Stay on the road until you come to a sharp right hand bend. Find a suitable place to park here on the roadside.

The camera location is on the road, just beyond the entrance to the property on the left as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

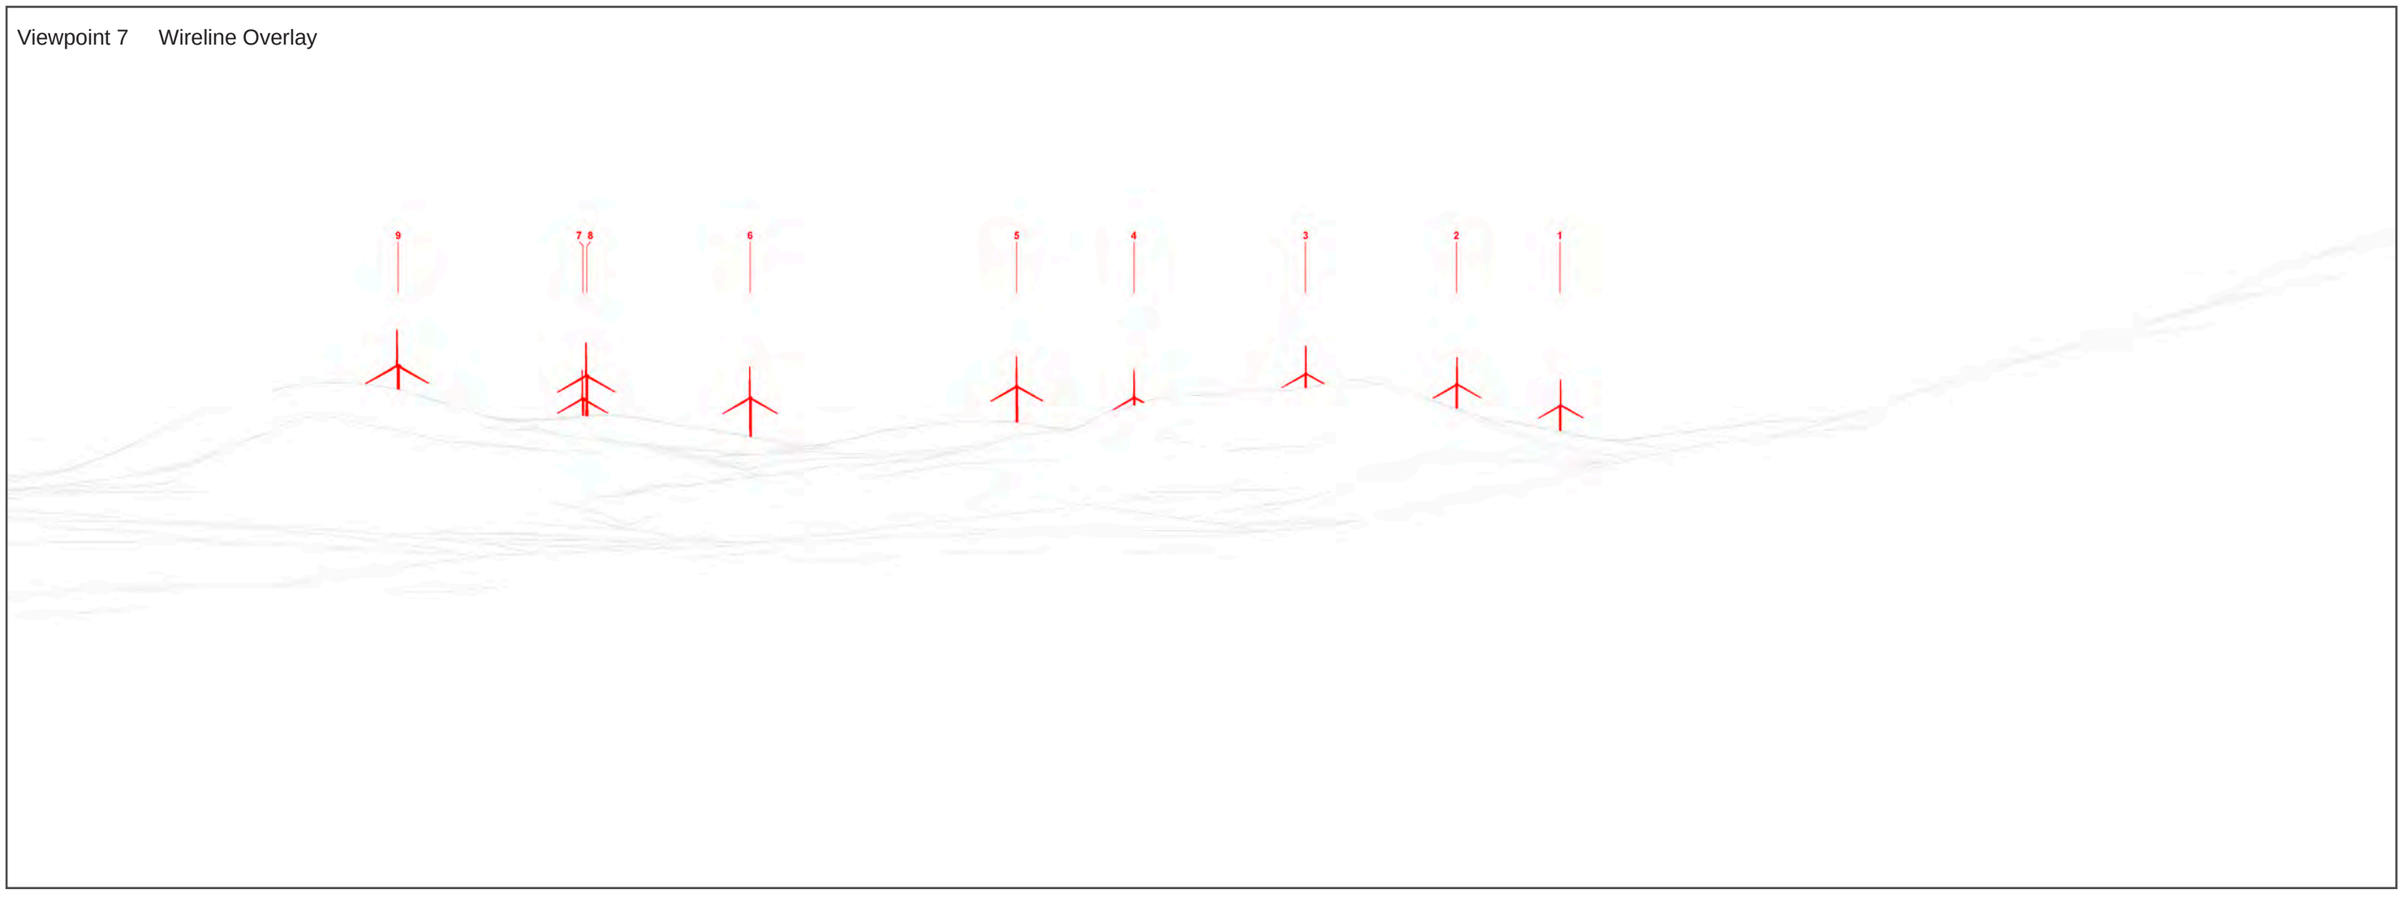

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
