Grid Reference: 260649 879274 Distance to nearest turbine: 8.88km AOD: 694m

This viewpoint is located approximately 11km Northwest of Alness.

Travel north from Dingwall on the A9 towards Tain. Just before Alness, take the slip-road off left on to the B9176 towards Ardross, Bonar Bridge and Lairg. Continue on until you reach Strathrory Bridge. Drive over the bridge and then immediately afterwards, turn left in to the large forestry turning area. Park here.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Beinn Tharsuinn.

The camera location is just below the summit cairn as shown in the adjacent photograph.

Extent of 50mm single frame image

Distance to nearest turbine: 8.88km Camera: Nikon Z6 Focal Length: 50mm vertical (27˚) x 28mm horizontal (65.5˚) Camera height: 1.5m Date: 06/05/2025 10:10

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

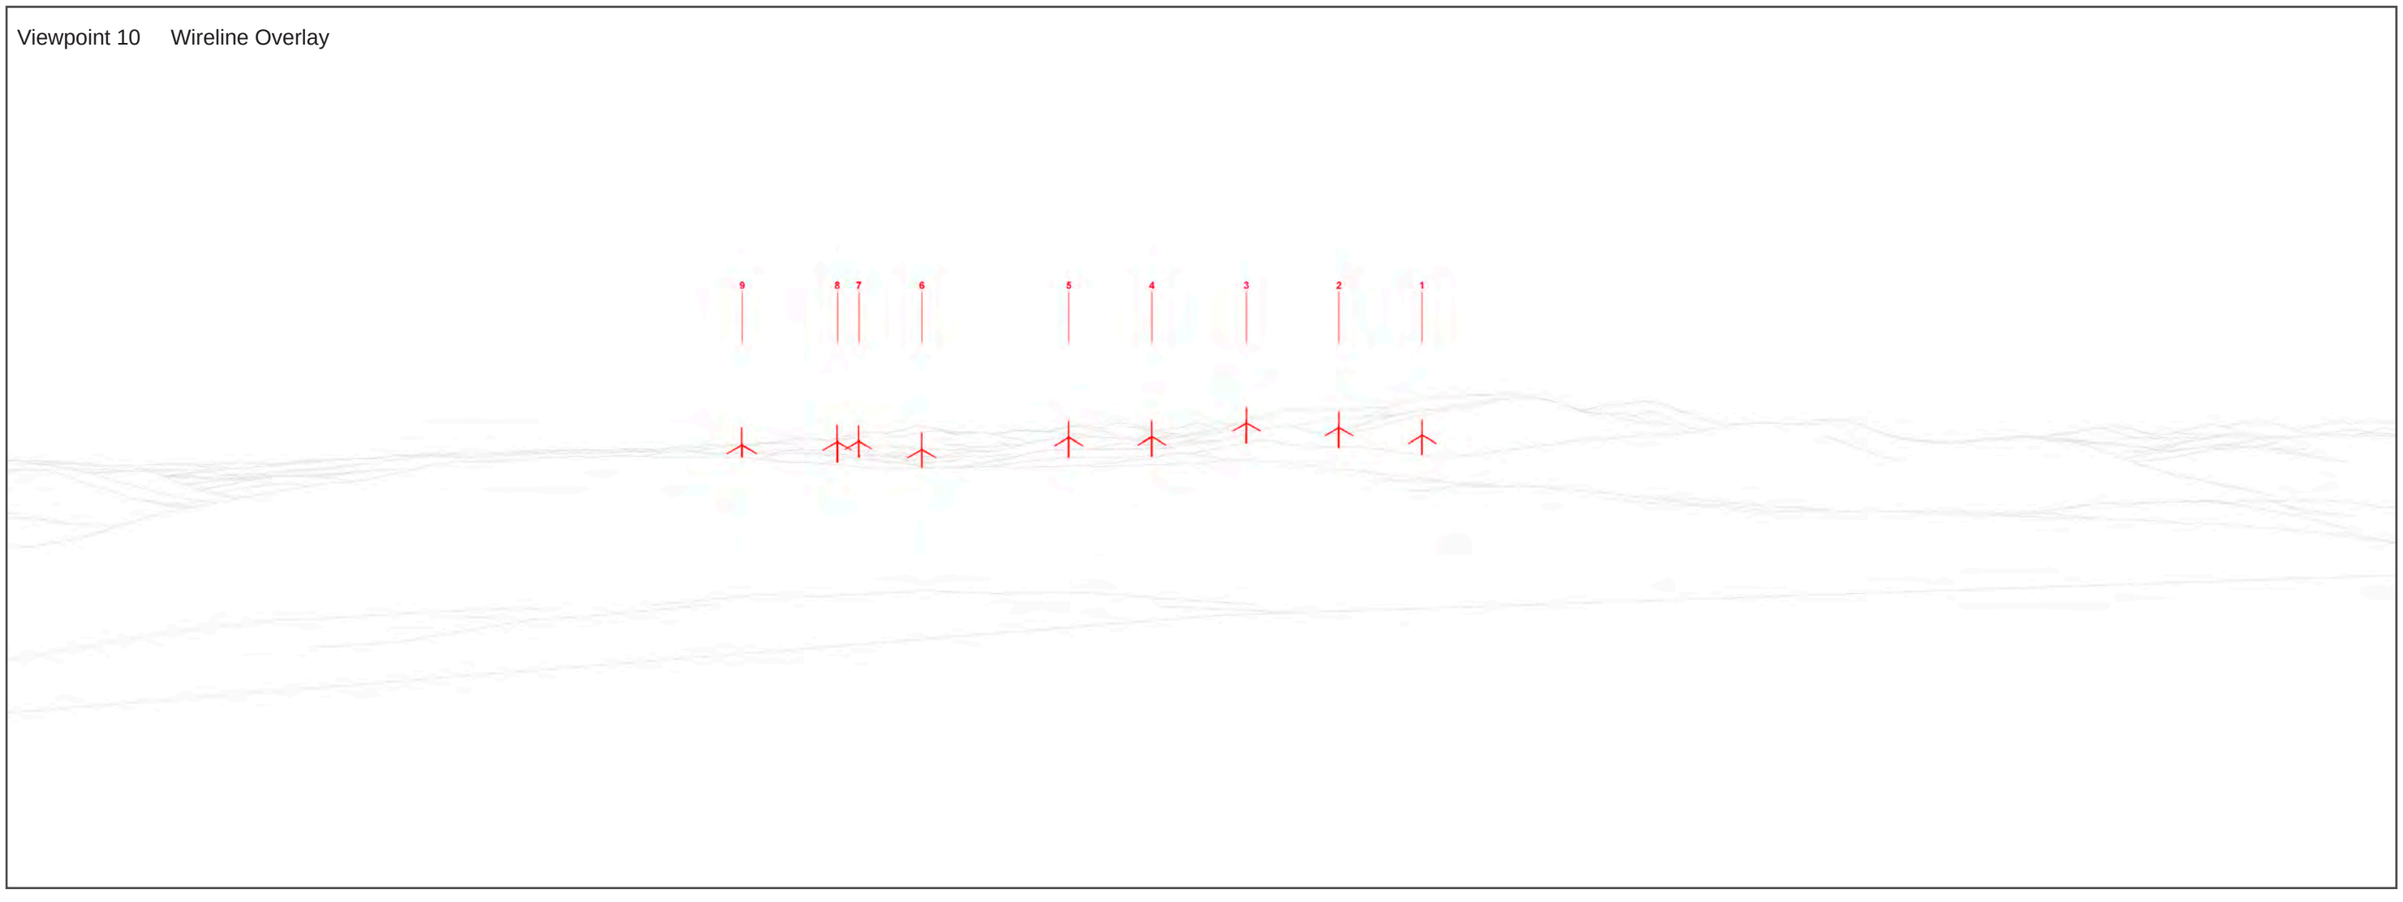

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
