Grid Reference: 231788 875289 Distance to nearest turbine: 21.67km AOD: 744m

This viewpoint is located approximately 3km North of Loch Glascarnoch.

Travelling south from Ullapool on the A835 continue on beyond Inverlael and Braemore. Beyond Braemore you will pass alongside the shores of Loch Glascarnoch and the entrance to Lochluichart Wind Farm. Once you pass the southern end of Loch Glascarnoch, continue on past the Aultguish Inn and drive for a further 2.5km. At this point you will come to a track heading off left. Turn left here. Now continue up the track all the way to the Strathvaich Lodge Hotel. Once at the hotel, find a suitable place to park.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Tom Ban Mor.

The camera location is just below the summit cairn as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

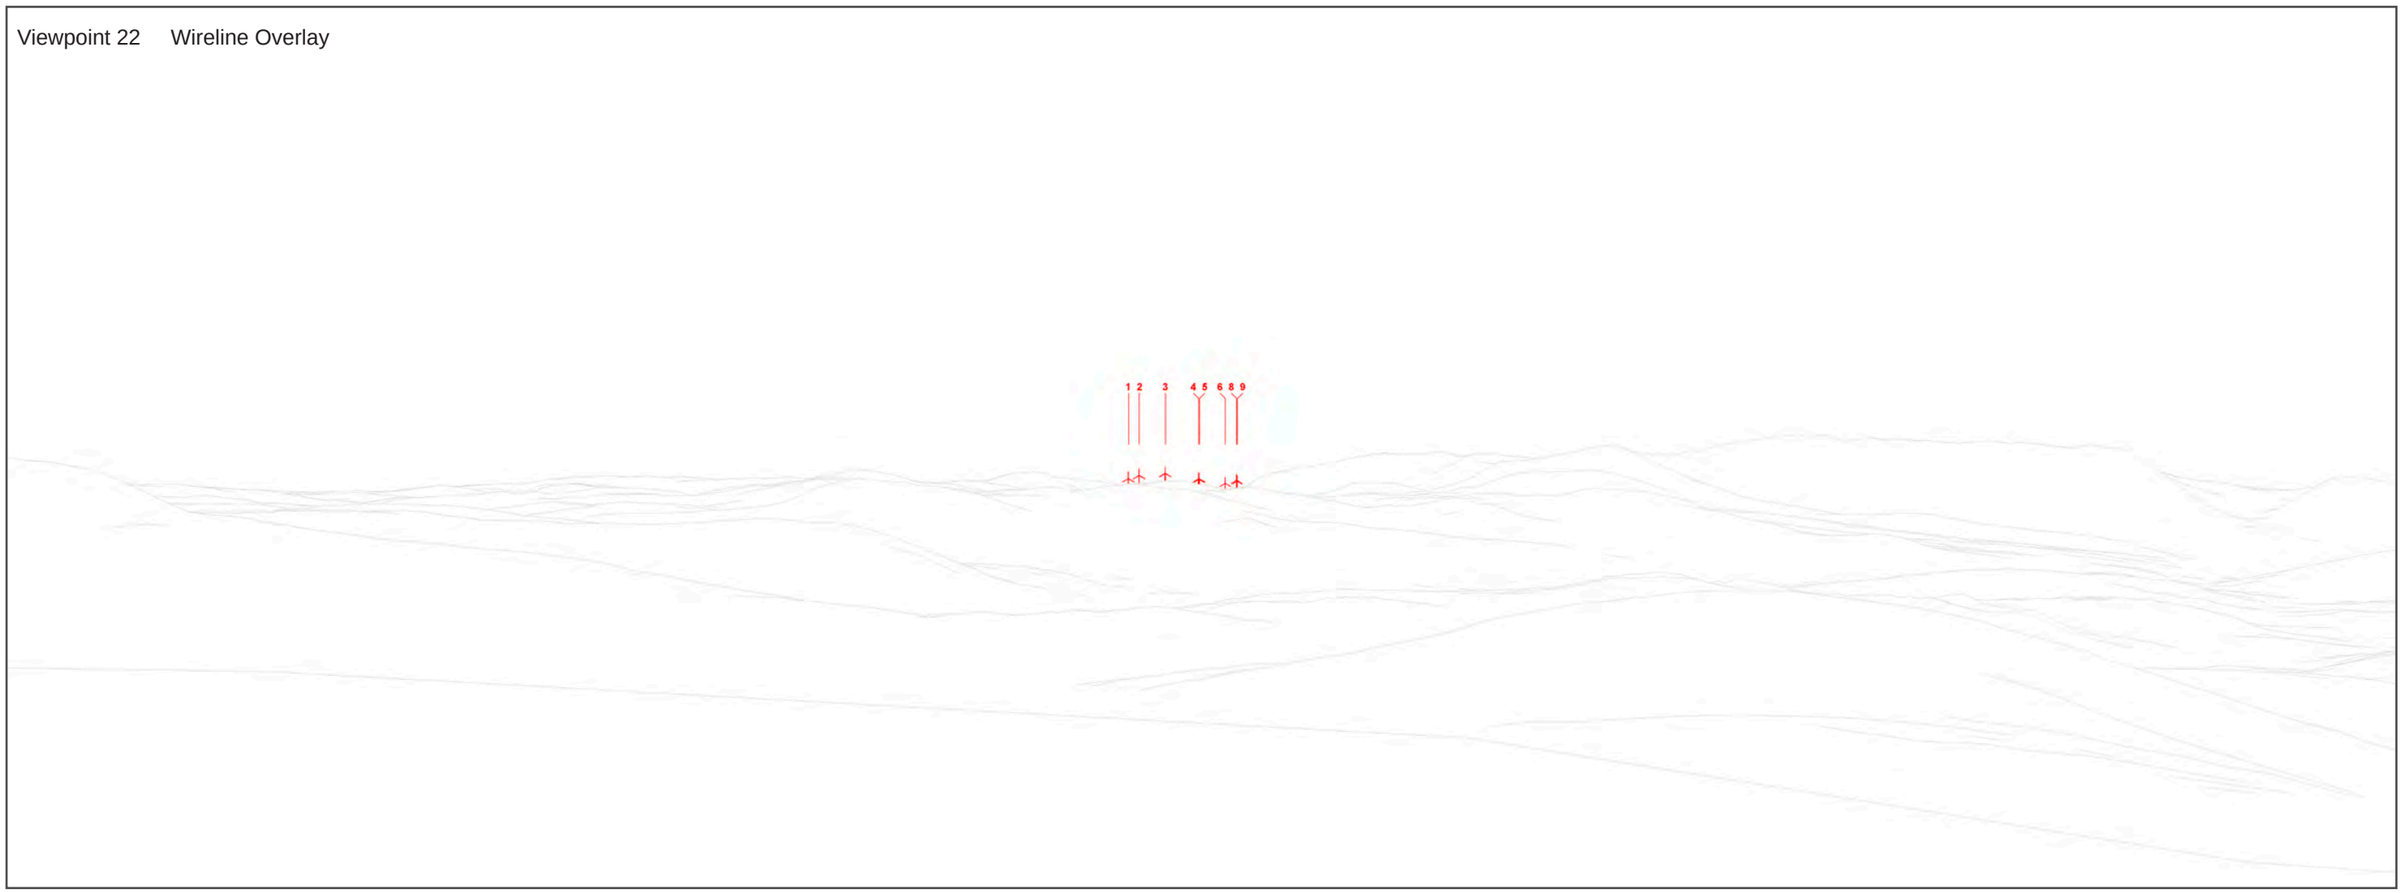

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
