This viewpoint is located approximately 4.52km West of Dingwall.

Travel south out Dingwall on Station Road until you meet the roundabout with the A835. Turn right on to the A835 towards Ullapool. Continue on the A835 for 2km at which point you will come to a road heading up right opposite a large stone property with outbuildings. Turn right here. Continue up the hill to Knockfarrel. At the t-junction in Knockfarrel turn left and then take your first right following the signs for Knockfarrel hill fort. Drive up the lane and park in the designated hill fort parking area.

Now on foot, walk up the ridge to the hill fort.

The camera location is near the fort as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

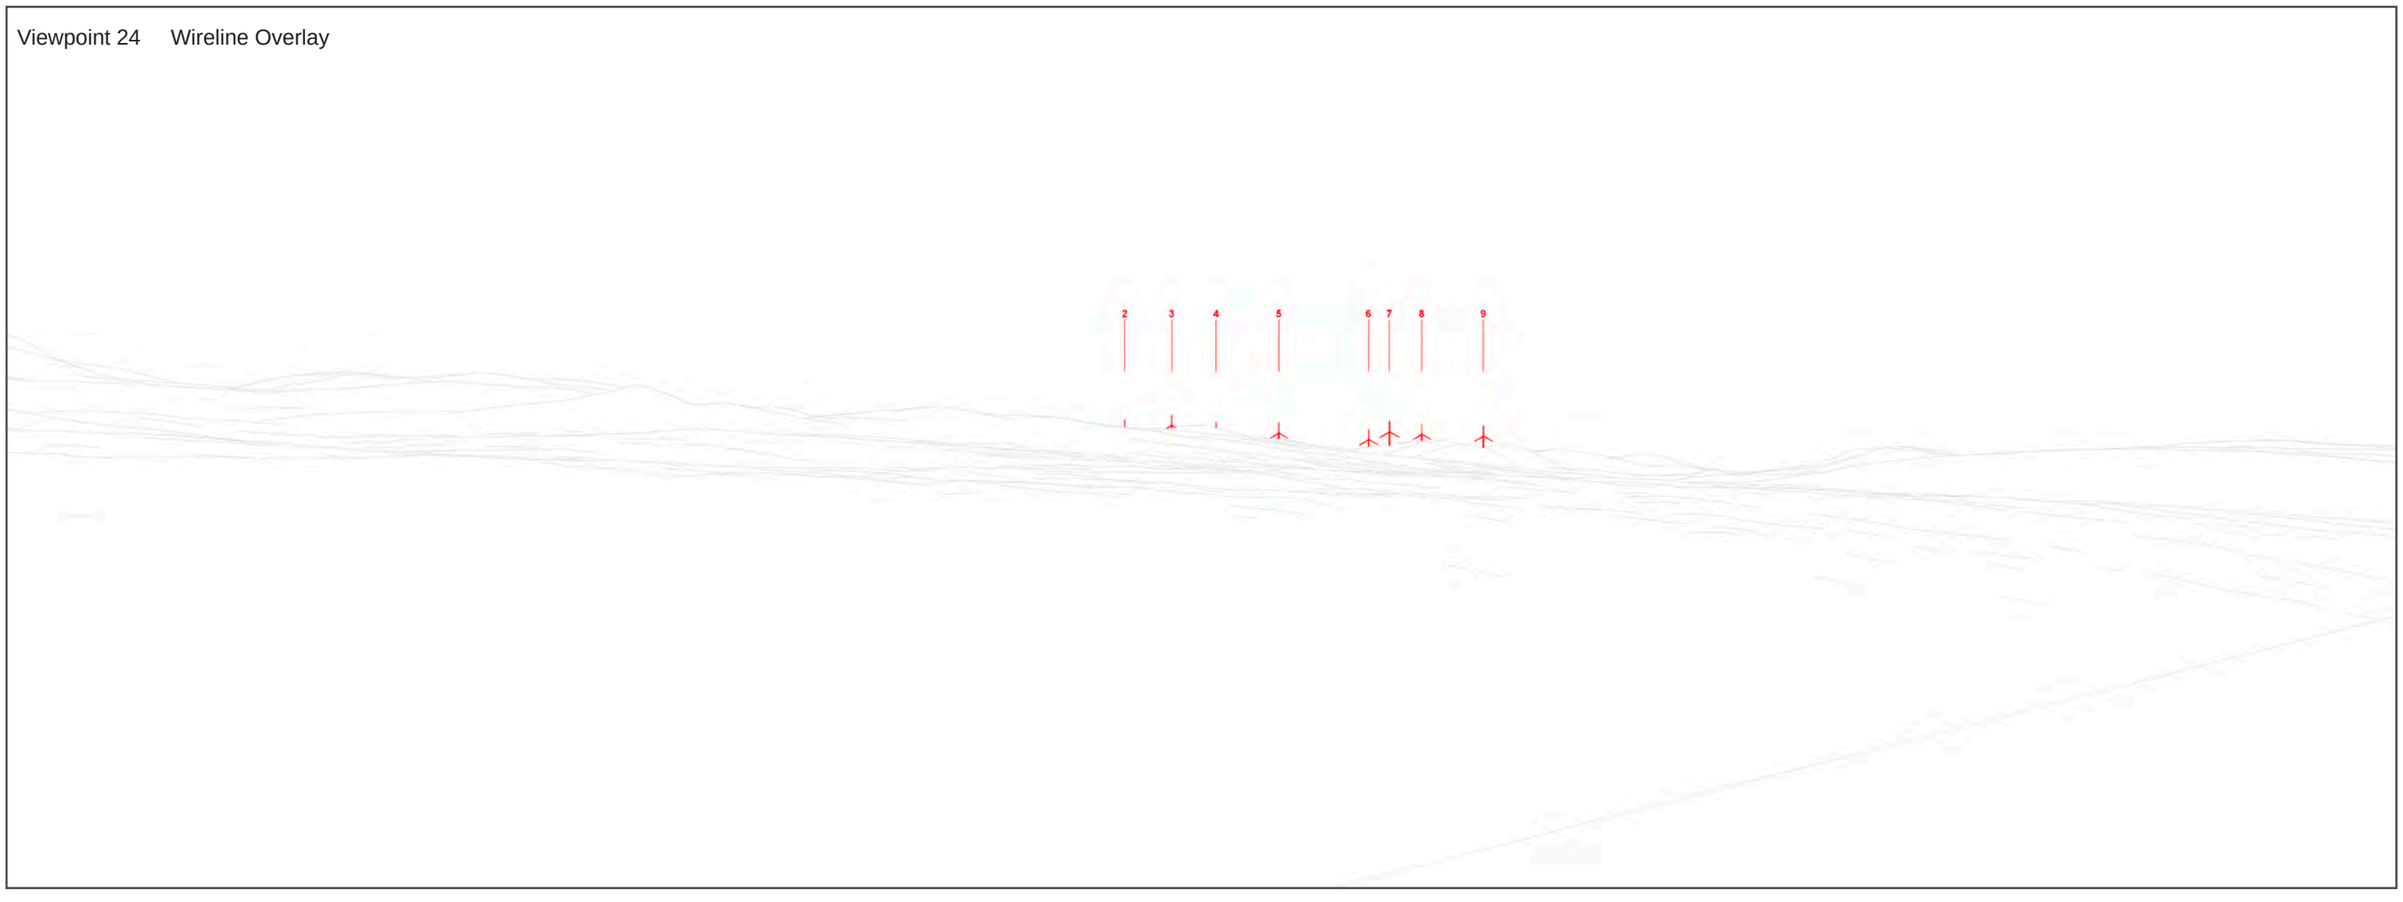

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
