This viewpoint is located approximately 5.5km Southeast of Beauly.

Travelling south out of Beauly take the A862 and stay on this heading towards Inverness. Pass through Inchmore and then you start to approach Lentran.

Just before Lentran, there are some large farm buidlings in the field down to the left. Find a suitable place to park here.

The camera location is on the roadside just before the buildings as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
