Grid Reference: 280754 869026 Distance to nearest turbine: 24.65km AOD: 50m

This viewpoint is located 10km east of Invergordon at the mouth of the Cromarty Firth.

Travel south on the A9 from Tain. At the first roundabout take the second exit on to the B9175 towards Nigg. Stay on the B9175 all the way down to the Port of Nigg. Continue on past the port, then take the turning off left just before the end of the main road. Head east along the shoreline staying on the track which starts to climb upwards. The track kinks right and then starts to bend left. Find a suitable place to park here.

The camera location is on the track in the passing place as shown in the adjacent photograph.

Extent of 50mm single frame image

Distance to nearest turbine: 24.65km Camera: Nikon Z6 Focal Length: 50mm vertical (27˚) x 28mm horizontal (65.5˚) Camera height: 1.5m Date: 07/05/2025 11:05

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
