This viewpoint is located approximately 8km Northwest of Alness.

Travel north from Dingwall on the A9 towards Tain. Just before Alness, take the slip-road off left on to the B9176 towards Ardross, Bonar Bridge and Lairg. Drive for 3km until you come to a staggered crossroads. Take the turning off left on to Boath Road. Continue on for 8km at which point you will pass Acharn Wood on your left. Just as you start to leave the wood there is a track going up off left in to the tree line and a track heading down off right. Find a suitable place to park here.

Now on foot walk down the track to the right.

The camera location is 400m away in the large field to the right just beyond the sheep fold as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

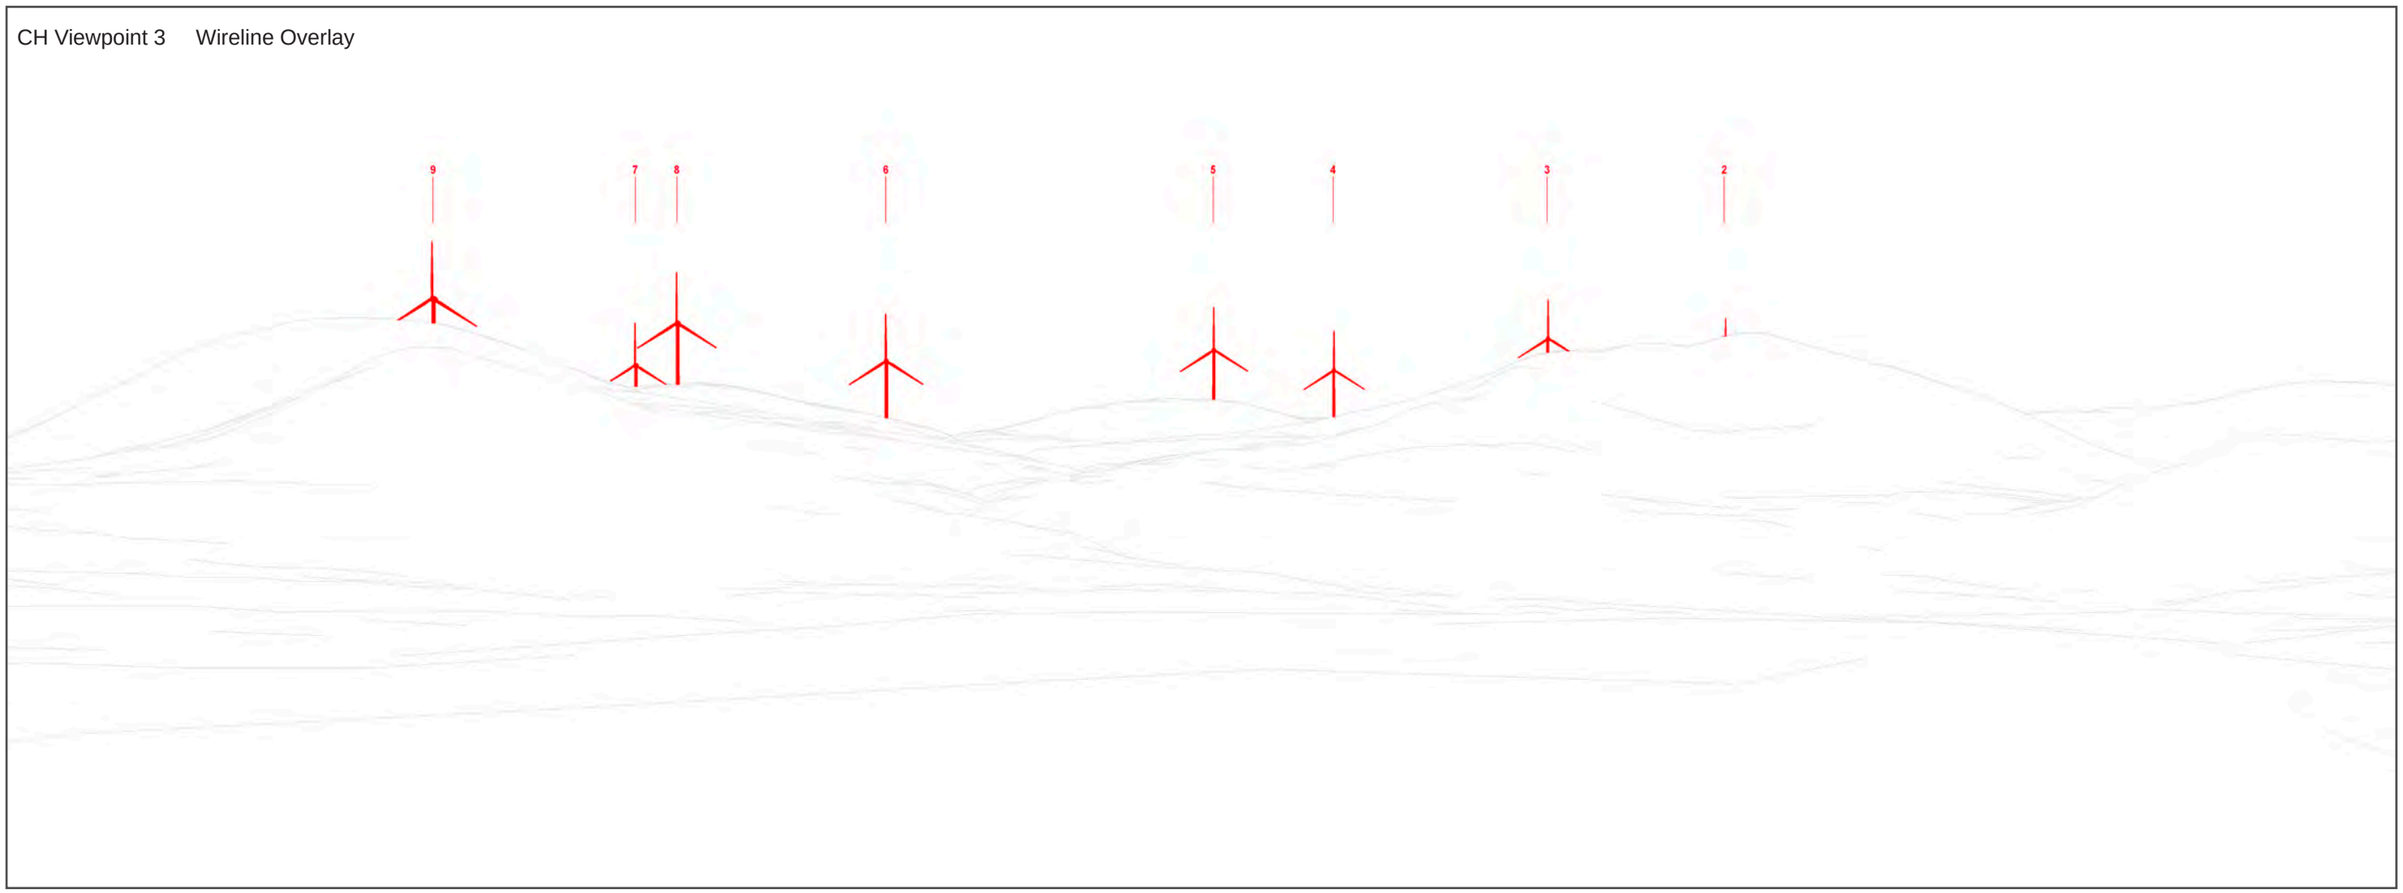

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
